Human Rights Education for Psychologists

Edited by **Polli Hageaars, Marlena Plavšić, Nora Sveaass, Ulrich Wagner and Tony Wainwright**

This book is designed to raise awareness of human rights implications in psychology, and provide knowledge and tools enabling psychologists to put a human rights perspective into practice. Including hands-on recommendations, case studies, and discussion points, the book identifies how psychologists can ensure they are practicing in a responsible way, as well as contributing to wider society with a clear knowledge of human rights issues in relation to culture, gender, organisations, and more. This is essential reading for professional psychologists as part of continuing professional development and those in training and taking psychology courses.
